Profile

Enthusiastic entry-level Front-End Developer with a solid software development background, eager to land a position in the industry. I have a good grasp of front-end technologies and a strong drive to develop professionally. Currently looking for a role to apply and improve my skills in a dynamic work setting. Dedicated to creating visually appealing and user-friendly interfaces, I'm excited to bring my passion and commitment to contribute to the success of a forward-thinking development team.

Projects

Admin Dashboard, *React* 

This Admin Dashboard Project aims to provide a comprehensive and user-friendly interface for administrators to manage and monitor various aspects of a system or application.

SnapGallery, | *HTML | CSS | Responsive Web Design* 

- The goal of this project is to create a responsive website using HTML and CSS.
- The website will be designed to adapt and display properly on various devices, including desktops, laptops, tablets, and mobile phones.
- Advanced CSS techniques will be implemented to enhance the website's visual appeal and interactivity.
